Posted by a storm chaser, this video is a magnificent display of color and clouds during a North Dakota sunset.

Horse Blowing Bubbles
Like a little kid with a straw in a drink, this playful horse uses a water break to have some extra fun.

We Like Playing Ping-Pong - But Not With Customer Service

Call Before You Dig! - Dig Safe!

Whether your project is big or small, in a city/town or in the most remote regions of Ontario, you should always call before you dig. No dig project is too small or location too remote. Safety is our number one concern.

Make that first important call before you dig!

As a homeowner, you may be digging to put in a new fence post, using a hand auger to bore a hole for the foundations of a new deck or planting a bush or small tree. If you are disturbing the ground you run the risk of cutting into an underground service with potential for loss of life, personal injury, damage to property, or disruption of a service.

Also as a homeowner you are probably asking yourself "Is my project big enough to make it necessary to call?" The answer is: If you are disturbing the soil for any reason, regardless of the depth, play it safe, make the call. Gas and power, water and sewer and communications lines, all of which serve most residential properties, may be buried close to the surface. This may be your lifeline in the event of an emergency.

If you are hiring a contractor for your project ask them if they have made the call. If they have, get them to show you the information returned to them. If they haven't called, stop the work and get them to make the call. Remember, you may be liable for any personal injury or property damage that my result from work in your backyard or on your site.

For more information visit www.call4call.com. The telephone number for this free service is 611. Call BEFORE you dig for a FREE locate. 1(800)400-2255, 24 hours per day, 7 days per week. Please allow at least two 2 business days before digging any holes.

Know How and Where to Dig - DIG SAFE!
